

Opera Tirage L

TANINS

Conforms with the International Oenological Codex. Not derived from genetically modified organisms.

Oenological Applications

OPERA TIRAGE L is a liquid preparation comprising tara tannins and copper sulfate stabilized with SO₂.

The benefits of **OPERA TIRAGE L** are numerous :

- Prevents oxidation
- Acts as a preventative and curative treatment for reductive odours
- Assists clarification during riddling
- Reinforces the ageing potential of wine

Instructions for use

Add directly to the wine at the same time as riddling agents. Ensure thorough mixing.

Dose rate

2 to 4 cL/hL of wine.

Packaging and storage

1 L bottle.

Store in a dry environment which is well ventilated at a temperature between 5 and 25 °C. Once opened use immediately. The recommended use by date is marked on the packaging.
